Students Sitting in the auditorium during the National Seminar - 2009

Vision

To impart holistic knowledge, both theoretical and practical, to make our students front line leaders in the field of their profession and to establish this Institute as a center of excellence.

Mission

The Mission of the Institute is to impart knowledge and skills essential to operate successfully in a more dynamic and complex world. It also aims to sharpen and deepen understanding various angles of organizational dynamics and environmental context. Further, our mission is to help the students of management to acquire conceptual, analytical, relational and decision making skills.

From The Director's Desk

Management in the modern age has become the main distinguishing feature of a society. Better managed societies and organizations create all round growth, progress and harmony.

The Institute of Science and Management has been providing quality education in the field of Business Management for the last 25 years. It is a unique and progressive organization with its distinct and innovative teaching methodology.

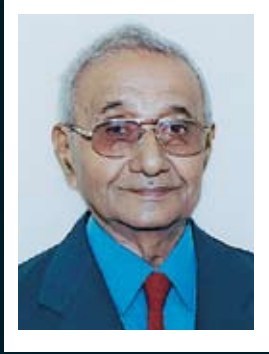

To develop young managers with a holistic understanding of the business and social situation is our mission. We encourage students to be bold and innovative and to acquire higher domain of professional knowledge and ethos. For this we provide knowledge input and training in key areas of management i.e. HR, Finance, Marketing and IT. This is the reason most of our students have been getting employed even before completion of their course.

We feel proud of our students when their employers report about their good performance in the organization.

In this Institute there is a continuous and regular interaction with industries and business organizations. We cordially invite the corporate executives to visit our campus, judge our students' ability and suitability for recruitment in their organizations. We are certain that our students will prove themselves to be valuable assets to the organizations they join.

Prof. (Dr.) S.P. Mishra

Director, ISM

From the desk of Chairman (Training & Placement Cell)

The Placement Brochure of our Institute this year also is being sent to different Industrial and Business Organizations. Our students from Business Management stream have been going to different organizations for many years now. Even during the period of recession, we have done well. We hope that our well wishers which are reputed organizations of the country, would again select our boys and girls for their organizations.

The emphasis in this Institute is on giving basic knowledge input to the students and while doing so, our Faculty make it a point to blend it with experience of Industry so that our students learn to apply conceptual knowledge to business situations, as well as, to derive conceptual framework from business realities.

Our boys and girls are dedicated, disciplined and hard working. We hope that Business Organizations who have been visiting our Institute for campus interview would certainly do so again this year. We also hope that more and more employers would favour us with their presence in campus selection. We assure everybody that our boys and girls would be dedicated, disciplined and perpetually learning professionals with commitment and drive to achieve the goals set before them in the organizations they join.

Prof. U.K. Chaubey

Chairman-Training & Placement Cell,
Former Director (Personnel), Coal India Ltd.
VP-Hindalco Industries Ltd.
Past National President-National Institute of
Personnel Management (NIPM)

About Us

The Institute of Science & Management, Pundag, Ranchi was established in the year 1985 under the leadership of Dr. Sachidanand, the then Vice Chancellor of Ranchi University. The Institute runs several programmes under its name with Flagship Programme of 2 year full time Post Graduate Diploma in Business Management (PGDBM), equivalent to MBA which was started in 1988. The Institute has expanded manifold under the dynamic and visionary leadership of our **Chairman, Prof. R.A.K. Verma**. The Institute has made steady progress and has emerged as one of the leading Management Institutes of India occupying 70th position as rated by Business World, India's leading/best selling Business Magazine.

ISM is known for its highly qualified and dedicated faculty members eager to develop the students into effective managers. The faculty at ISM is an ideal mix of academicians and Industry Professionals. Alumni of the Institute hold high positions in industry and business. Some of them have also become successful Entrepreneurs.

विद्याः समस्तास्तव देवि भेदाः स्त्रियः समस्ताः सकला जगत्सु ।

- श्री दुर्गासप्तशती

About our Campus

AC Class Room

The Institute, with a vision to impart quality education for development of the backward region of Jharkhand has been setup in Pundag, Ranchi. It is a rural area, full of landscapes and greenery all around. The Business Management Department runs in a three floor building which consists of AC/Non-AC class rooms, library, auditorium, conference room, computer lab and a sports room.

The Institute is well within the vicinity of Ranchi Railway Station and Airport. One of the distinctions of the Institute is its library which is said to be the pivot in any educational institution and where all other activities rotate around it. The Library is full of resources including books, journals, reports, thesis, magazines, newspapers, CDs, Cassettes, internet connection, etc. The Institute has been converted into a **Wi-Fi-zone**, where students and faculties can access internet from any part of the premise.

Activities

In a Global economic scenario the market has become completely dynamic and to take the challenges, students of MBA course should not only have knowledge and information about the various management techniques and concepts but should also have a versatile dynamic personality.

Therefore, case study method is applied in teaching the students and this makes them quite conversant with the Industrial and Business Scenario before they pass out from the Institute.

Sri V.K. Desai, M.D., Tinaytech Plants, Rajkot delivering lecture.

Sri K.K.L. Das Chief People officer, Aditya Birla Group being felicitated at the 24th foundation day function

Conference Room

The Department of Business Management

About the 2 year PGDBM Programme

ISM's two-year Post Graduate Programme has two semesters in each year. The students go through a rigorous and continuous evaluation system for each course throughout the semester. The programme covers a large area of learning in management through four broad clusters of courses such as :

- Basic Disciplinary Courses
- Functional Courses
- Advanced Elective Course
- Courses that Build Integrated Outlook and Better Perspective.

The first year of the programme gives a thorough grounding in basic disciplines and also functional areas to provide a strong foundation for advanced courses in the second year.

Inaugural Session of Faculty Development Programme, 2009

The first year curriculum mainly Consists of basic and core courses in disciplines like Economics, Behavioural Sciences, Quantitative Techniques, Computers, and Accounting. This is followed by courses in functional areas of management like Finance, Marketing, Production and Operations, Human Resource Management, Organizational Behaviour and Entrepreneurship.

The second year provides an opportunity to the students to specialize in their areas of interest. The Institute offers specialization in advanced courses in Finance, Information Technology, Marketing, Human Resource Development and Entrepreneurship. Besides, there are perspective building courses such as Ethics in Business Management and Innovations, International Management, Environment Management and Managerial Leadership which give finishing touches to the budding managers. Courses in strategic management help students

- The first year foundation courses equip the students with broad based knowledge.
- The core courses in the second year provide the multifunctional policy and strategy dimensions.
- The elective courses offered in the second year i.e. the 3rd and 4th semesters, are in the areas of IT / Marketing / HRM & Finance.

To enable the students to make an in-depth analysis of current management, the programme encourage personal commitment and builds confidence through its emphasis on ethics, values and discipline.

in developing an integrated view of all functional areas, and insight into strategic thinking. Project Management helps the students in developing their skill of project building and its techniques.

- The Programme is 2-year Full Time Course, which ensures a strong theoretical conceptual based exposure to realistic situations in the industry and makes the learning process vibrant and relevant.

Selection Procedure

The Students are Selected on the basis of scores of CAT, XAT & MAT Examination, GD & P.I.

Courses for 2-year (4-Semester) Post Graduate Diploma Programme

Facilities inside the Campus

Computer Centre

The Computer Centre is fully air-conditioned with state-of-the-art infrastructure that has made teaching, learning, documentation, research and development highly effective. The Centre is well equipped with P4 systems including 1 Red Hat Linux server with Clark Connect Community Edition v4.3 internet gateway solution. All client nodes have Fedora Release 11 operating system (Gnome 2.26.1) with Open Office 3, and Mozilla Firefox 3.5 application suite. The Centre avails 2 Mbps broadband service from BSNL and offers a full-fledged Wi-Fi environment in the campus.

Library

The ISM library has a select and growing collection of books, periodicals, journals including latest publications in Business Management, Hotel Management, Tourism Management and related subjects.

The Library of ISM has a select collection of about more than 10,000 volumes both of foreign and Indian publications. In addition, the library subscribes to about 100 national and international periodicals. To provide latest information, the library has a collection of corporate annual reports.

The library has a good number of audio and video cassettes on management topics, manuals and software to aid faculty in classes.

The library collections are computerized and the users can access data independently. The library is linked to internet facilities.

It also maintains press clipping files on management and related subjects and is laid out spaciouly to provide calm and peaceful environment for serious study.

Canteen

ISM has a Canteen which runs for the whole day serving meals & snacks to the students, staff & faculties.

Placement Cell

Placement Cell is headed by Prof. U.K. Chaubey (Former Director Personnel, Coal India Ltd., VP-HR, Hindalco Industries Ltd. and President, NIPM) supported by Prof. V.N. Sinha., Sr. CRO-cum-Campus Placement Incharge & Prof. A. K. Mishra Asst. Prof. (T&P Cell) & Incharge EDP Cell. Alumni are our key resource for campus placement. We have an Alumni portal through which all our previous students get connected. Even during Summer Internship Programme, some of the students get offer of employment from the Industries. Our Placement week starts from October and students are normally allowed to join the companies after 4th Semester Examination, scheduled in April.

What our Alumni say about ISM

Abhijit

ISM has not only given me the recognition in terms of academics but also its overall professional approach towards training, which has helped me a lot in achieving the reputation and the fame in this competitive world. The GD classes in ISM helped me a lot to be able to cope with the corporate world. Last but not the least I would like to say thank you ISM for making me like this and helped me to achieve so many things. Thank You.

Abhijit Chowdhury

Session - 2004-06 (Topper of Marketing Specialisation), Executive, Axis Bank, avi_iism123@rediffmail.com; abhijit.chowdhury@axisbank.com, cell no is 09431507593

Jasvinder Singh

ISM has been a place where I found a unique blend of excellence and commitment.

Great faculty, wonderful ambience to learn and excellent facilities is how I describe ISM.

Great organisations should always have great a leader and ISM has been blessed with the leadership of Prof. R.A.K.Verma, supported by a wonderful team.

Life in Voltas is a dream come true. If I were to describe Voltas in one word it would be EXCELLENCE with INNOVATION.

I would once again like to thank my mentors in ISM for making me what I am today.

Jasvinder Singh

RSE, Voltas Ltd. Jamshedpur

Pulak Kr.

Today working as Sr. Executive, Business Planning, I feel fortunate enough to have got a high level of professional education & learning from my institution - ISM. The real time Case studies dealt during the campus are really proving boosters and enablers for me.

Today I can really recall with pride the days spent in the ISM campus, which has laid down the foundation of the Corporate life for me. I am really very happy to be a part of the Institution which nurtures talent in a great way.....

Pulak Satish Kumar

Business Planning, Voltas Limited - A TATA enterprise.

Gurmeet

The past two years of my life were not just full of hard work, but they were undoubtedly full of such lessons and experiences which made me a better person day by day. I left my college with diverse personality enhancements and such intangible assets which are now a part of my attitude.

I thank my institute (ISM) for recognizing and appreciating my hard work and performance.

Gurmeet Kaur,

Assistant Manager, IDBI Bank, New Delhi

Shantanu

It was a nice experience for me on taking admission at ISM, Ranchi. Doing PGDBM from my home town, and that too from the most promising institute was a great thing. The institute was rising in terms of name and fame. So my decision regarding admissions in this institute was a correct decision. The placements were the best in our batch (2006-2008), complete 100%. I got placed in HDFC Bank through campus interview and now I am working there as a Personal Banker (Sales), in Jamshedpur.

Shantanu Banerjee

Personal Banker (sales)
HDFC Bank Ltd., Jamshedpur

Brajesh

I learnt how to define one's vision and struggle till the achievement of your target at ISM, Ranchi which helped me to out-perform everyone else competing with me at the professional front. ISM taught me how to be ahead of others while giving respect to all and working along with them in team.
