

Generating Power of World-class Ideas

Recruitment Guide 2011-12

BRACT's

VISHWAKARMA INSTITUTE OF MANAGEMENT, PUNE

(Approved by AICTE, New Delhi, Recognized by Government of Maharashtra and Affiliated to University of Pune)

An ISO 9001:2008 Certified Institute

योजकस्तत्र दुर्लभः
अमंत्रम् अक्षरम् नास्ति
नास्ति मूलम् अनौषधम्
अयोग्यः पुरुषो नास्ति
योजकस्तत्र दुर्लभः

Yojakas:

*There is no letter without the
power of mantra*

*No root without medicinal
properties*

No person is worthless

*Provided there is a "Yojaka",
a manager
who knows how to use each
one of these*

Vision

To become a premier institution of excellence in management education that develops talented and proficient leaders with values of entrepreneurship, moral values and social responsibilities.

Mission

To be a vibrant institution of excellence in management education through training, research and development with rigorous and innovative teaching-learning methods focused on inculcating managerial skills, professional ethics and core human values in students as future managers "Yojakas" - and thereby contribute to the economy and society at large.

Quality Policy

V.I.M. aims at imparting quality education in the domain of management so as to meet expectations of our customers (students, parents, industries and society as a whole) with a focus on developing managerial skills, professional ethics & human values.

V.I.M. is committed to contribute to the academic standing and overall knowledge development of the students, in conformation with the current and future needs of the industry, along with values that define professional conduct.

The Institute is committed to continually enhance the competence of faculty and to make them adopt all modern and innovative methods in teaching-learning process.

The Institute is committed to maintain a congenial learning environment.

The Institute ensures the effectiveness of Quality Management System through Continual Improvement.

CHAIRMAN'S MESSAGE

Vishwakarma Institutes embody the vision of the Trust to participate in worthwhile academic endeavour.

We have chosen professional education as an area where we felt we could excel. The fact that we are based in Pune, is certainly a factor of our favour. Pune has an abundance of academic infrastructure on the basis of which we can build our institutional framework. Vishwakarma Institute of Technology, a top engineering college in the country, bears a testimony to our ideals and academic commitment.

Vishwakarma Institute of Management is no different. Over a short span of time we have already made their mark on the management education map of the country. Vishwakarma alumni are doing exceptionally well in more than 200 organizations where they joined after their MBA.

I, therefore urge that you should include Vishwakarma Institute of Management in the list of campuses you must visit. I assure you that it will be a rewarding experience.

Rajkumar Agarwal

Chairman, BRACT

MANAGING TRUSTEE'S MESSAGE

Dear Industry Friends

We are very pleased to present the current batch of VIM to all of you. The last 3 years have been very eventful for the institute specially with regards to greater focus on academics and various developmental activities. The Institute is now ready to take the next step towards obtaining Academic Autonomy from UGC. We have already put forward our application for the same with University of Pune and would be able to obtain the same soon. We would continuously require inputs from our industry partners towards development and enhancement of our curriculum and modes of teaching and assessment.

We look forward to growing our relationship with you.

Regards

Bharat Agarwal
Managing Trustee

Bansilal Ramnath Agarwal Charitable Trust (BRACT)

The trust was established in 1975. Within a period of three decades, the Trust has made it's mark on the academic, cultural and social environment of Pune. Vishwakarma Group of academic institutes are known for quality education and are all top of the institutes in their respective segments. The trust has developed an ultra modern educational complex in Kondhwa on the outskirts of Pune, which includes hostel of international standards, named on Vishwakarma International Center.

DIRECTOR'S MESSAGE

Dear Corporate Partner

It gives me immense pleasure to present to you our batch of 2010-12. The students of this batch are in a true sense honed to get into today's boundaryless careers, which require new competencies falling into three categories: "know-why", "know-how" and "know who."

My team has put in sustained efforts to balance the curricula and developing the skills, capabilities, and techniques that lie at the heart of the practice of management (the "doing" component) and the values, attitudes, and beliefs that form managers' world views and professional identities (the "being" component).

In view of the increasing scrutiny of corporate careers we have also built into our programme delivery a focus on issues of accountability, ethics, and social responsibility, which are essential to effective management.

The inputs in the second year supplement the "knowing" that dominates our first year classes with an increased exposure to "doing" and "being."

At a generic level, our students have been put through a rigorous programme on communication, leadership abilities and soft skills in general.

Industries vary significantly in terms of their assessments of MBA student skill needs. With this in mind we have gone the extra mile to provide domain and sector specific inputs that make our management graduates readily employable and productive from day one.

We value your association with us and look upon ourselves as a talent provider to the industry and society at large.

I am sure, these young management graduates will prove to be assets to your organization.

With Warm Regards

Dr Shailesh Kasande
Director

VALUES

- Agility :** Anticipate the future, leading change, and adapting quickly to thrive in a dynamic environment.
- Balance:** Ensure a work life balance that contributes to the vitality both of the individual and the organization.
- Commitment:** Exhibit a sustained commitment to continuous improvement, innovation and all round performance excellence.
- Diversity:** Respect and be tolerant of diversity among people and their thoughts, ideas.
- Empowerment:** Empower the students and employees with a sense of ownership as well as accountability.
- Fellowship :** Recognize that accomplishments result from successful internal and external teams.
- Growth :** Strive for qualitative growth by engaging students and faculty members.

INFRASTRUCTURE

Vishwakarma Institute of Management infrastructure - the building, the computers, the library all exceed AICTE norms, which means Vishwakarma Institute of Management has more or better facilities than specified. The Vishwakarma Institute of Management campus, calm and serene, provides superb learning ambience

FACULTY

Our spirited faculty team focuses on delivering 3 components of the MBA programme

- the “knowing” component - the frameworks and theories taught
- the “doing” component - developing the skills, capabilities, and techniques that lie at the heart of the practice of management
- the “being” component - the values, attitudes, and beliefs that form the managers’ world views and professional identities

THE HOSTEL

Vishwakarma Institute of Management provides Hostel facility at a convenient distance from the institute, to both male and female candidates. This excellent structure provides for all needs with a modern touch.

THE TEACHING METHODOLOGY

Vishwakarma Institute of Management expects its students to learn and to grow. In an atmosphere which is friendly but disciplined the students acquire basics of management and of life. Students should be prepared for a long working day. All lectures are as per a pre-designed session plan. Standard set of textbooks forms the basis of classroom pedagogy. Student Research, field work, industry visits, guest lectures, personality development workshops are a routine part of Vishwakarma Institute of Management work environment which embellish and reinforce concepts learnt in the classroom.

DEAN'S MESSAGE

Dear Friends, Namaskar.

The role of business is being refined and redefined around the world every now and then. The organizations of the 21st Century are seeking sophisticated, principled leaders with the ability to envision a better future and implement imaginative solutions.

At VIM, we believe the future of MBA education lies in providing a dynamic learning experience that immerses students directly into different cultures and business environments so that they are better equipped to succeed in demanding, complex situations.

Our multi-fold style of teaching includes complete focus on theory/syllabus blended with practical exposure by industry/corporate visits and converting each student a complete person in all possible respects by innovation in teaching methodology and continuous evolution. Our philosophical base of producing best class of management graduates and our focus on academic rigor, excellence and discipline in our breathing, differentiates us from the lot.

It will be our pleasure to welcome you at any time and date as per your convenience. All the very best.

Dr. Atul Mehrotra
Dean, Academics

In our opinion it is a myth to believe that, in higher education, professional-practical approach and academic rigor are mutually exclusive. A tough, difficult program that develops practical, real world thinkers (Academic Rigor) must be balanced with the more feminine side of learning... a love of learning, a richness of experience, nurturing, encouraging, engaging (Professional-Practical Approach).

In our philosophical base of academic rigor we work with continuous enhancement of intellectual quality which comprises of the following objectives:

- 1) Thoughtful session plan design
 - 2) Consistent delivery
 - 3) Application based Continuous Internal Evaluation
 - 4) Qualitative inputs through guest lectures
 - 5) Training Calendars to be in tune with industry needs
 - 6) Innovative Evaluation
 - 7) Learning beyond the curriculum.
- Course content and design covers intense organizational effort; clear logical topic steps, organized into modules of similar duration and amount of effort required; integration of what has been learned about the subject; sources of published and custom learning materials;
 - Pedagogy talks about individual, small group and large group learning for each topic, in order; reading, questions, discussions, writing.
 - Learning contract speaks about a formal agreement between individuals, groups and the faculty; division of responsibilities; deadlines; penalties.
 - Deliverables mentions about individual and group handin assignments; variety of major and minor, individual and group hand-ins; contributions to class and group discussion conferences.
 - Evaluation says open book examinations for internal evaluation; participation grade based on conference submissions and individual debriefing of contributions.
 - Students and faculty interaction is nothing but 24 hour rule for students and faculty; Group Formation.. Individual group interaction through group email ID's.
 - Industry interaction by way of industry visits, conducting management development programmes, taking timely feedback from the industry, summer internship etc. enhances flavors towards the same rigor exercise.

RESEARCH

In today's rapidly changing environment, MBA programs are the subject of growing scrutiny as they wrestle with how to prepare students for increasingly complex organizations and careers. This requires business schools to take a broader view of their graduates' responsibilities to multiple stakeholders, and to provide their students with a deeper understanding of such phenomena as globalization, leadership, and innovation, as well as the ability to think critically, decide wisely, communicate clearly, and implement effectively.

Knowledge discovery through research is an outcome of an interplay between academia and industry, in a framework of supportive policy environment at the institute level.

At the heart of institute's mission is a fundamental moral commitment to intellectual discovery & development. With this purpose in mind the Research Department has an agenda of creating a vibrant research culture & climate at institutional level to enhance the research capabilities of students & faculties, with a focus on high quality applied research in collaboration with business world.

The institute provides financial grants to students to undertake such research work and the faculty guide the students in their endeavor. Faculty members team up with students in conceptualizing and implementing a research project of value to practitioners.

Students also take up live research project of short term nature to acquaint themselves with the general business environment and understand sector specific requirements.

Special resources like EBSCO, SPSS, AMOS, a variety of international and national journal and other e-resources are made available for the same.

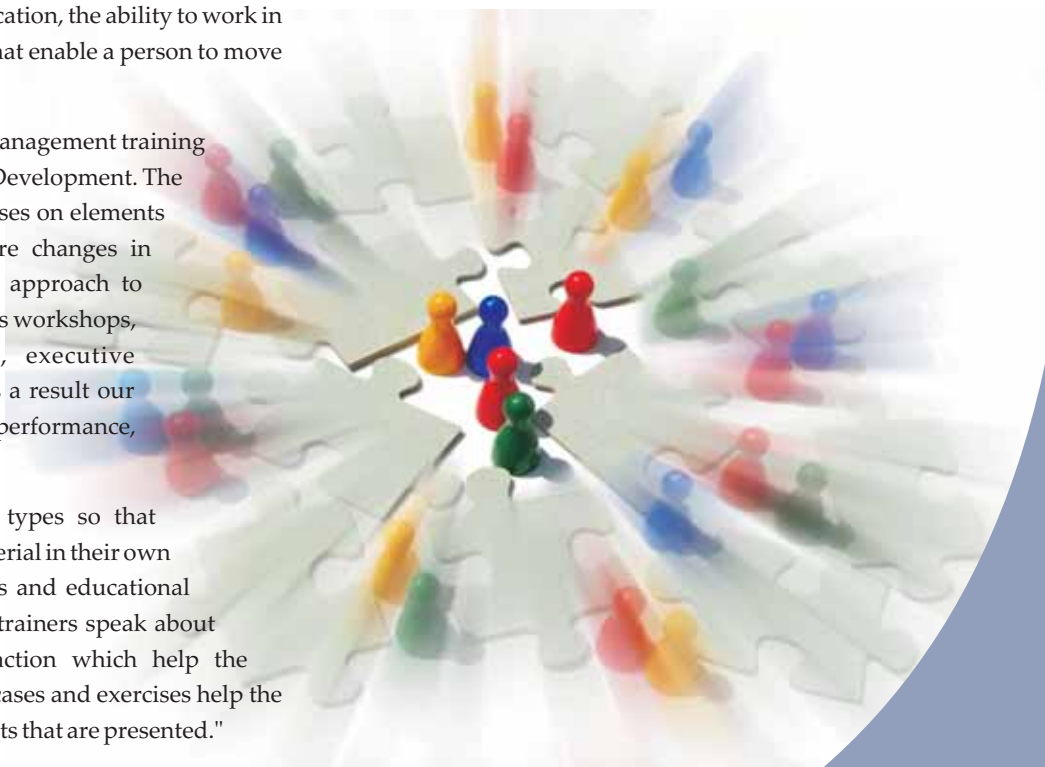

SOFT SKILLS DEVELOPMENT

"Technical skills have little value if you have poor soft skills. Soft skills, sometimes known as "people skills," are personal attributes that enhance an individual's interactions, job performance and career prospects. Soft skills like effective communication, the ability to work in teams and strong interpersonal skills are what enable a person to move up the ladder.

Soft Skills Training is an important part of management training as it has a significant impact on Personality Development. The Soft Skills Training conducted by VIM focuses on elements of Training and Development that require changes in behavior and thinking. Our leading-edge approach to training and professional education includes workshops, seminars, professional skills training, executive coaching, customized training material. As a result our clients see a measurable increase in student performance, customer satisfaction and revenues.

Our training is designed to cater to all types so that everyone in the audience can absorb the material in their own method. We use power points, movie clips and educational videos which help the visual learners; the trainers speak about this material and encourage class interaction which help the auditory learners; and role plays, business cases and exercises help the kinesthetic learners to experience the concepts that are presented."

NATIONAL CONFERENCE

'OPPORTUNITIES AND CHALLENGES IN MANAGING THE MILLENNIAL GENERATION - INDIVIDUAL, ORGANIZATIONAL AND SOCIAL PERSPECTIVES'

On the 18th and 19th of February, 2011, VIM held the second national conference on 'Opportunities and challenges in managing the millennial generation-individual, organizational and social perspective'. The event comprised of panel discussions, students essay presentations and technical sessions on parallel tracks.

Eminent corporate executives and academicians shared their experience in all the functional domains. The Chief Guest, Dr. Ganesh Natarajan, Vice Chairman and CEO, Zensar Technologies, addressed the students and attendees followed by publication of conference proceedings at the hands of Principal H K Abhyankar, Vice President, Vishwakarma Group of Institutes. The keynote address was given by Mr. Abhay Valsangkar, Chief Administrative Officer & Head HR, Avaya India, the inauguration session ended with a vote of thanks given by Dr. Atul Mehrotra, Dean-VIM.

The valedictory session was presided over by Mr. Alok Tiwari, Head - Global Competency Assessment, Infosys, and was followed by the Prize Distribution ceremony.

NATIONAL DOCTORAL CONFERENCE

A three-day National Doctoral Conference (NDC) was organized by VIM from the 4th to 6th March, 2011. The University of Pune Sponsored the conference. Such a doctoral conference was held for the first time in Pune and was appreciated by all the participants including Research Scholars & Ph.D Research aspirants. The NDC was inaugurated by Honorable Vice Chancellor of Pune University, Dr. Raghunath Shevgaonkar. Conference began on a pious note by offering prayers to Goddess Saraswati and lighting the lamp. Dr. Shevgaonkar enlightened the participants with the insights of the true meaning and ideal journey of research. He explained all the stages of research and focused on the importance and necessity of good research.

During the conference, 170 registrations were confirmed from over 140 institutes across the country with an overwhelming response from over 11 states. In all, 71 presentations were carried out in the

course of three days of the conference. Winners were announced on the basis of the pre-defined criteria. Apart from the presentations, the conference also witnessed intensive workshops on Qualitative and Quantitative Research Paradigms, SPSS, Literature Survey, EBSCO and Referencing Styles.

Dr. Capt. C. M. Chitale, PUMBA, was the Chief Guest for the valedictory function. He emphasized that one must take up a research which would lead to self, social, organizational or national development.

information on customers' expectation management of multiple stakeholders customer, delivery head, finance, HR, and project staff. Mr. Ambarish Vaidya General Manager - Finance & Systems, focused on how to tackle the problems in IT Finance He elaborated on the difference between CA & MBA (Finance) students, where CA students are much knowledgeable than MBA but the main difference is that the MBA students have presentation skills. They can explain all the financial data in meaningful manner. Mr. Arobinda Tripathi emphasized MBA as a useful career. This was followed by a Question & Answer session.

CSR, CORPORATE GOVERNANCE & BUSINESS ETHICS

Corporate Social Responsibility (CSR) is the responsibility recognized by the companies for acting in socially responsible

MARKETING SEMINAR

'BRANDING IN THE EXPERIENCE ERA'

A day long marketing seminar was organized on the 20th of Jan, 2011, on the contemporary theme of 'Branding in the Experience Era'. Branding being an evergreen concept, creative brand management plays a crucial role in the success of every organization. However, branding has witnessed a dramatic transformation with the changing times. Today, Brands are perceived as 'Shareholders' Assets which the organization needs to be managed'.

This seminar was an attempt to unfold some of the dimensions of branding in the experience economy. Eminent speakers from diverse sectors guided the students about the theme. The Seminar was compeered by Namita Shrivastava, 2nd year Marketing student. The resource list included Mr. Bhaskar Thakur (Founder of buzzquotient.com), Mrs. Shubhada Joshi (Girikand Travels), Mr. Sachin Bhide (Consultant), Mr. Ravish Vyas (Shoppers' Stop) and Mr. Hrishikesh Joshi (Business Standard). They shared their views and experiences on aspects such as unconventional methods for branding, customer involvement in the branding process, challenges of branding in the tourism sector, developing oneself as a brand, brand loyalty in retail sector and challenges of branding of business newspapers.

IT SEMINAR

'IT: 360 WATCH THE GAME, LIVE!'

VIM organized a one day seminar on the 15th of Jan, 2011, on Information Technology 'IT: 360 WATCH THE GAME, LIVE!' Five experts from the Industry were invited. The seminar started off with Mr. Anoop Gavankar, informing about the origins of IT industry, business drivers of Indian IT industry, followed by Mr. Shishir Kale, explained the impact of sales function in IT sector. He also explained differences between sales and pre-sales with cultural specific dynamics. Mr. Kedar Dixit, further took the audience to the vitality of delivery function in IT, and gave detailed

manner. It has generally come to mean business decision making linked to ethical values, legal compliance, and respect for people, community, and environment. In line with this ethos a seminar on 'Importance of Corporate Social Responsibilities (CSR) and Corporate Governance (CG) in Today's Perspective and its Future Outlook' was organized at VIM.

Mr. Anant Sardeshmukh, Director General, MCCIA and Mr. Shriranga Dhavale Head Human Resource, Tata Motors Ltd. were the key speakers for the session. The panel discussions highlighted the efforts of the industry towards CSR and various approaches towards enhancing CG. Mr. Sardeshmukh explained the importance of CSR and CG in their organization and how these activities help their organization to sustain and grow in the industry. Mr. Dhavale added that the success of Tata Motors Ltd. is due to their strong employee relationship and active involvement in CSR Activities. This helped their organization to distinguish amongst other organizations. Mr. Dhavale also mentioned that Tata Motors Ltd's initiatives and participation in these activities is the main part of business rule and ethics. Their CSR activities as employee development, rural development etc. are benefiting the organization as well as society. He added that Tata Motors shares a part of profit for these activities as per Tata's vision and

mission. He emphasized that it's not Corporate Social Responsibility but Corporate Sustainability. He added that sustainability will happen only if one takes into consideration the 3P's i.e. Profit, People and Planet.

The importance of ethics in business can be understood by the fact that ethical businesses tend to make much more profits than the others. An important part of engaging in this process is to understand your business ethics, which if not up to mark can leave you with a bad reputation and can even ruin your business, not to mention alienating employees, suppliers and the local community. So a seminar was held on *Importance of Business Ethics (BE) in Today's Perspective and its Future Outlook*.

The panelists for the discussion were Mr. Milind Joshi- Vice President, Industrial operations, Wartsila India Ltd., Mr. Pruthvish Dave- Vice President, Corporate Planning & HR, ThyssenKrupp Industries India, Mr. D.B. Nimbalkar- Vice President & Head, Corporate HR.

Mr. D.B. Nimbalkar shared that business ethics are nothing but the root and cultural values of the people attached to the organization when they are working in a group. The vision and mission of business, individuals, their basic behavior and interaction with people is nothing but the ethics or values attached to the business which called as Business Ethics. The other panel members on dais also supported the opinion of Mr. Nimbalkar and shared their thoughts and experiences. The session was interactive and helped the students know their values and shape their ethical behavior.

STUDENT'S SOCIETAL RESPONSIBILITY (SSR) INITIATIVE

The Students Societal Responsibility (SSR) Initiative creates strategic partnership between companies, private individuals and projects run by social entrepreneurs. The SSR Forum provides an efficient support for vulnerable people to improve their own lives. VIM does this through channeling resources to NGOs that achieve good results and through strengthening their skills. VIM initiates several activities every year with enthusiastic participation of students, viz.

- 1) **Crackers Free Diwali:** In the month of October, 2010 posters were displayed about crackers free Diwali & awareness drive was conducted by VIM Students in the vicinity of VIM. The drive was successful in persuading the people about the benefits of cracker free Diwali.
- 2) **World Disability Day - 3rd December, 2011 :** Awareness was spread about this day through a video show activity.
- 3) **Blood Donation Drive:** On 23rd Jan 2011, MBA 1st year students took an initiative in organizing a blood donation camp for a city-based blood bank. Likewise, during INTRiGUE 3.0 event 11th & 12th Feb 2011, 54 volunteers donated blood at the blood donation camp organized at the VIM campus.
- 4) **Road Safety Awareness:** On the eve of Republic day, 26th Jan 2011, the faculty members, staff members and students of VIM visited Khed Shivapur toll plaza. The participants gave safety instructions to the drivers of heavy, light, commercial and non-

commercial vehicles. The main objective was to make people aware about traffic rules and the need to drive safely.

- 5) **World Cancer Day:** On 4th Feb 2011, the world celebrated World Cancer Day, to complement this VIM had arranged for a video show to increase the cancer awareness amongst the faculty members.
- 6) **Rural Immersion Program:** In Feb 2011, a small-pilot based activity was organized where a student was given a task to conduct a preliminary study of any village to get the overview of a task ahead. Rajesh Kardak, a 1st year student, visited the village, 'Belpada' in Thane District.
- 7) **International Women's Day:** On 8th Mar 2011 students of VIM celebrated International Women's Day with enthusiasm wherein students participated in poster preparations and expressed their views on the role of women in their life. A videos show was also organized.
- 8) **International Water Day:** On 22nd Mar 2011 VIM celebrated International Water Day. Students prepared the posters and noted their comments. A video show was also organized to spread awareness of the World Water Day.
- 9) **Aadhar:** Throughout the year Dhaval Chitnis MBA I student conducted activities under NGO 'Aadhar Multiple organization'. He formed Aadhar at just the age of 16. Aadhar Multiple Organization is working in various areas like Child Education, Nature Conservation, Awareness Campaigns, and Health Care etc. Aadhar is running a 'Child Development Program' at Aadiwasi hostels in Nasik district which includes teaching to aadiwasi students at weekends. Every year Aadhar is donating at least 3000 new note books and other education kits to these aadiwasi students.

ADVANCE EXCEL TRAINING SESSIONS:

VIM initiated an Advance Excel Workshop for students. The workshop was conducted on every Saturday of February 2011. The session was planned in such a way that the first session would only focus on Basic Excel to make students familiar with the system followed by the sessions

on Goal Seek, Hyper link, Macros, Pivot Tables, Formulas etc. These training sessions have helped the students to master MS Excel and use it effectively for the solutions, daily calculations, presentations, analysis of data, etc.

SPECIALIZATION CHOICE SESSION SERIES

Right specialisation helps the students to climb the ladder of career. Most of the students have confusion about what specialisation to choose to help them get better placements. A series of week-long Panel Discussions were organized by the TPO, inviting eminent speakers from corporate as well as academic to help students understand the career opportunities, current trends, feedback of the management students who are presently working , expectations of the Industry from management students, job profiles offered , future prospects / career growth etc. for respective domains.

INTRIGUE 3.0 - ANNUAL MANAGEMENT FEST

VIM organized its inter-collegiate festival INTRIGUE 1.0 focused on the theme of 'Battle Field' and INTRIGUE 2.0 built around the theme of 'Race Track'. This year the latest version of INTRIGUE 3.0 was 'The Jungle' to create awareness about the extinct species and the eradicating flora and fauna amongst the young population. This year almost 150 teams from reputed Management colleges of Pune city and across states of Maharashtra participated in this fiesta.

The event was organized by the students of VIM. An exceptional display of team work and co-ordination was on offer. The work was methodically distributed amongst the students as per their committees. The committees included Office committee, Decoration, Promotion, Finance, and Distribution and also specialized ones for organizing individual events (games).

The footfall reported was nearly 500 students and the mega event offered the option of participating in 6 games which were:

AD-i-vasi (The AD World) - The Participants were supposed to make ads for abstract products.

Aztec (Bid & Build) - It was an innovation that received accolades as this was game created by the students of VIM inspired from IPL bidding

Mowgali Ke Bol (Extempore)-In this, participants were to talk for 2 minutes on a specific word, statement, phrase, picture or abstract thing without a pause.

Jungle Safari (Team Game) - It was a Treasure hunt in which clues were hidden within the campus and the participants were to reach their ultimate price with the aid of those clues.

Tribe Bizz (Business Plan) The participant were to submit a copy of their abstract based on which they were shortlisted to present their b-plans in front of the judges on which they were judged.

Sher Market (Mock-stock)- A virtual Stock market was created to give the participants the feel of stock market and also to give them the actual exposure of buying and selling in Stock market.

A small fun-fair was arranged to keep the participants entertained which included 1-minute games. Food Court was set up for volunteers and participants to enjoy the two-day fest. As a part of Students' Social Responsibility (SSR), a Blood Donation Camp was organized at the venue. The entire event was carefully planned and executed well. The participants acknowledged the grandeur event by giving a standing ovation to the organizers of INTRIGUE 3.0. This team was led by Namita Shrivastava (Event Head), Atish Rajhans (Event co-Head) and Prof Vivek V Phadke (Event Patron).

RESEARCH, TRAINING & CONSULTANCY

At VIM, we always strive to have a mix of academics as well as industry exposure for our students. 'VRTCS' (Vishwakarma Research Training and Consultancy Services) is a training and consultancy division of VIM. In today's ever increasing competitive world, it's not always possible for all the firms to devote sufficient time as well as other resources in addressing training needs of their employees. Further in many instances, for certain assignments / projects the firm may not have in house competencies or in house resource persons may need some guidance. It is under both these scenarios, Team VRTCS can be of assistance. We offer training & development and consultancy services in following areas:

Finance

- 1) Implementation of MIS
- 2) Cost Ascertainment and Cost Control System
- 3) Working Capital Management
- 4) Establishment of Internal Check and Internal Controls
- 5) Departmentalization of an organization a financial perspective
- 6) Preparation of a Budgets and Business Plan
- 7) Feasibility Analysis for a project

Marketing

- 1) Marketing Strategy Formulation
- 2) Sales Promotion, Advertising & Media Planning
- 3) Sales Problem Analysis, Solution & Sales Force Training
- 4) Channel Management & Development
- 5) Product and Brand Positioning & Repositioning
- 6) Customer Satisfaction Measurement
- 7) Marketing Audit

Human Resource

- 1) Organizational Climate Survey (Employee Morale, JD, Canteen and other facilities etc.)
- 2) Organization Design & Development
- 3) Training Need Identification / Training Effectiveness
- 4) Redefining of HR strategies / Policies / Vision-Mission Statements
- 5) HR effectiveness - Time Management, Communication Skills, Interpersonal Skills, Creativity, Team building, Stress Management, etc.
- 6) Performance Appraisal Systems
- 7) Study / Restructuring of pay and positions

Operations / Logistics / Supply Chain

- 1) Business Process Mapping / Re-engineering
- 2) Contracts Management
- 3) EXIM for junior/middle level management
- 4) Supply Chain streamlining
- 5) Lean Manufacturing & Six sigma & Quality tools (TQM, Kaizen, TPM)
- 6) Strategic Sourcing / Global Sourcing
- 7) Price Indexation Modeling

Team VRTCS consists of individuals having considerable experience in both industry as well as academics and hence are in a position to offer a perfect blend of both these domains which can be a great value add for your business.

Champions of VRTCS

TRAINING & PLACEMENT CELL

Greetings!!!!

It gives me great pleasure to invite you to the Campus Recruitment Program (CRP) of Vishwakarma Institute of Management.

I would like to thank all the corporate who were a part of our last year's campus program. I especially thank the HR department of all those companies who extended their cooperation towards placing the students.

In 2010-11 the highest package received was Rs. 5.1 Lac p.a. and the average package was Rs. 2.50 Lac p.a.

This year too, I consider it to be an honor and opportunity to present to you a group of young, dynamic individuals who have been well groomed to face challenges that lie ahead for them in the industry and corporate world as a whole.

Summer Internships provide an opportunity for students to apply academic knowledge to real time business problems. Guest lectures and seminars give students a chance to interact with representatives of the corporate world and learn about latest management practices. Live projects and workshops ensure optimal exposure to firsthand knowledge of business processes, while still in college.

I once again thank all the corporate for giving our students an opportunity and assure that they will be an asset to your organization.

I wish the students of this batch grand success in their endeavors and feel confident that they will make significant contributions to the industry in the course of their work.

Welcome to the campus of Vishwakarma Institute of Management!!!!

Ketaki Makarand Kulkarni
Training and Placement Officer

M- 09822300632 / 9011016652

ketakikulkarni@vim.ac.in /placements@vim.ac.in

VIM Placement cell is led by the Training and Placement Officer (TPO) who is also a faculty in HR. She is supported by the two Placement Coordinators who are constantly focusing on bridging the gap between the Industry and the Institute. The prime stakeholders the students assist the TPO through the placement committee which constantly is on the lookout for avenues to strengthen the Placement Process.

The TPO organizes a series of well crafted activities which in conjunction with the personal visits of the TPO help in assessing the specific needs of the industry and thus enables matching the students' strengths and aspirations with the recruiters' requirements. Specifically the following activities are carried out round the year as a part of the entire placement activity:

- Winter Projects (November / December)
- Summer Projects (Mid April to 31st July)
- Final Placements (August onwards)
- Training students (all round the year)
- Guest Lectures (once a week)
- Industry Visits (twice a term)
- Counseling (ongoing)
- MOU's with industry partners for specific industry-interface activities

The Training and Placement cell through its meticulous efforts placed 116 students for finals and 112 summer placements. The year 2010-11 proved to be a very fruitful year for VIM in terms of final and summer placements. Maximum package received was 5.1 lacs /annum and the average package was 2.50 lacs/annum.

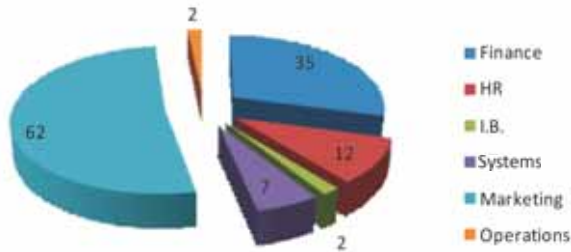

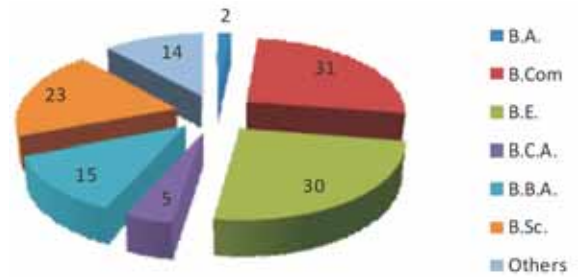

Apart from developing good industrial relations, the placement cell is simultaneously focusing on inculcating the knowledge and skills in the students as per the industry expectations. This is done by implementing various personality development activities like soft skills training, arranging various seminars from Industry experts on various current topics, arranging Industrial visits, field work projects, conferences and seminars etc.

Other than, classroom training the cell also focuses on individual counseling of the students, right from selection of the specializations to final placements for grooming them as a perfect future manager.

Marketing Forum: *Mosaic*

Mosaic is one of the initiatives of the Department of Marketing at Vishwakarma Institute of Management (VIM).

Mosaic is the creative assembly of small pieces of colored glass or stone. We at this Marketing Forum, offer the students an opportunity to learn and understand various facets of Marketing in a creative manner. Marketing being an integral part of our life, forum activities help them understand various marketing concepts applied in a day-to-day life.

It is a well-known fact that experience and practice are the best ways to learn and understand in a better manner. Mosaic activities provide the students a platform for implementing the concepts and theories in practice by applying their innovative ideas. They learn about Marketing Concepts, Marketing Tools, Brands, Products, Services, etc. in a sensory way.

This unique approach has proven to be inspiring and thought provoking.

Objectives of Mosaic:

1. To provide a platform for the students where they can get feel of various facets of marketing.
2. To encourage the students to come out with innovative ideas, concepts related to marketing.
3. To test and update their knowledge about marketing concepts.

Various activities conducted Mosaic:

Various creative activities are conducted round the year. All the activities are organized by the students under the guidance of faculty members. Successful students are rewarded by certificates and token gifts.

1. Theme-based Board Activities based on the various Marketing concepts

2. One day seminars based on various concepts and contemporary topics in Marketing
3. Invited sessions by the industry experts, academicians, alumni, etc.
4. Conduction of Quizzes, Posters/ collage competitions, etc. to encourage the students' participation.

HR Forum- '*Crecimiento*'

Crecimiento- HR Forum, a flagship forum at VIM strives to diminish the gap between industrial expectations and academic inputs. The forum has a vision to nurture HR aspirants and to make them industry savvy.

To be more specific Crecimiento is a deliberate attempt to make the HR students build their EI (Employability Intelligence) by increasing their knowledge & confidence level, providing clear understanding towards HR concepts, and also making them aware of various opportunities in the HR domain.

Organisations are becoming genuinely interested in human capital and looking at HR professional as a strategic partners in the business, the forum activities are focused to generate interest and infuse understanding of importance of HR functions and strive to get students;

1. The latest issues and trends in HR
2. Exchange of ideas through various activities.
3. Transform outlook towards HR domain.

Finance Forum: FunFinCa

At Vishwakarma Institute of Management (VIM) we work with a motto of "Act Well Your Part-AWYP".

Our vision and mission firmly believe in making future managers (YOJAKAS). With the inception of the Finance Forum 'Fun Fin Ca', it was merely a beginning. We continuously strive to achieve the objectives we kept and are progressing towards the

same. May it be a quiz, a guest lecture, a workshop, an enactment or a seminar, the first and the foremost purpose remains to be the value addition and linkage of theory with practice. This helps students to have conceptual understanding in a better manner.

Finance, being the backbone of any industry is a need of the hour and its importance is felt at each walk of life irrespective of domain range. Over a period of time, finance has emerged as more mature and refined stream of knowledge not only for the people who want to make their career in finance but for non-finance professionals also. With the versatile areas of career available in Finance, the only requirement is to get the knowledge of the concerned area and grab the opportunity.

Fun Fin Ca aims to convert students from typical tag holders to practical managers. Employability of the students does not come automatically. It is the outcome of rigorous efforts put in terms of imparting of theoretical knowledge, developing the application of theory into practice, going through a large variety of material available in the domain and last but not the least, practice of the concerned topic.

With another academic year approaching, Fun Fin Ca is all set to come with more and more value addition in various forms.

Operations Forum: O-Zone

2010 marked the beginning of "O-Zone" the Operations Forum at Vishwakarma Institute of Management. The main objective of the forum is to highlight relevance of "Operations functions" in today's world where businesses are slowly shifting from 'Brick & Mortar' to 'Pure Play'. The forum activities are specifically targeted across the entire supply chain of a typical business. With a motto of "Doing is believing" the forum has following objectives,

1. To impart practical knowledge related to Operations function by way of dynamic games & activities.
2. To make students aware about real life business situations through guest lectures, role plays & case studies.
3. To ensure continuous learning through events / activities under the forum.

The first activity under 'Pinnacle' took place on 15th October 2010. It was a group activity wherein each group had to build a structure by way of optimization of resources. During the activity teams had to cope with material price, lead time & team composition fluctuations. Thus the format of activity was such that participants were exposed to real life business scenarios.

Going forward, the forum will be conducting following events/activities

- i) Chain Reaction: Dynamic management game on 'Supply Chain Management' focusing on cross functional aspect of business

- ii) One day seminar on "Operations / Supply Chain Management"
- iii) Interaction with experts from industry in the field of 'Operations/SCM'

Economics Forum : dECode

"We are the brains behind the chairs"

The Managerial decisions are always guided by the economic considerations. Economics as a branch of knowledge has undergone dramatic changes reflecting the changes in the world economic environment in last few decades. The economic environment today is not only complex but highly dynamic on account of changing policy regimes, technological revolution, international relations & social considerations.

Against this backdrop 'dECode'- the Economics forum provides a platform to our students to deliberate on various economic issues & express their views and opinions. The purpose of the forum is to debate as well as discuss the economic challenges & priorities. The forum gives an opportunity to the students to go beyond the textbooks & understand the complexities of the real world business problems & policy issues and the application of the basic economic concepts.

Objectives:

1. To encourage the students actively participate in academic activities.
2. To create awareness about the national & international business environment
3. To help them to understand the application of economic concepts in business world.
4. To enhance the capabilities of students in understanding the complex economic variables & their interdependence .

Vishwakarma Institute of Management always strives towards providing a complete Learning Experience to the students so as to enable them shape into future managers. One such initiative is, allotting 'Mentors' to the students. Mentoring is very popular and commonly adopted practice abroad. VIM has started the Mentoring activity since the academic year 2010-2011 and has received an excellent response from Mentors as well as from Mentee.

The objectives of conducting this activity were:

- Creating awareness about latest industry trends
- Creating awareness about expectations from fresh management graduates
- Making students aware about Behavioral and Attitudinal requirements
- Creating awareness about Range of knowledge and expertise required
- Networking with varied professionals
- Emphasizing attendance in the class, co-curricular activities, guest lecturers, etc.
- Personality development and grooming aspects like Communication skills, Time management, stress management, GD and PI skills

The Mentoring activity includes following mentors:

Name of the Mentor	Designation
Dr. Prasad Kulkarni	Assistant Registrar - University of Pune
Dr. Parag Thuse	Director- Swasthya Yoga Kendra.
Mr. Bhaskar Thakur	Co-Founder CEO RankUno Interactive
Mr. Vivek Pande	CEO - PrincipalSoft Technologies Pvt. Ltd
Mr. Sachin Bhide	Trainer & Consultant
Mr. Shriram Upadhye	Domain Expert in Manufacturing Industry Solution
Wg. Cmd. Jog	Retired from Indian Airforce
Ms. Shubhada Joshi	Director- Girikand Travels Pvt. Ltd
Ms. Ketaki Pandit	HR - Legasis Services Pvt. Ltd
Mr. Ninad Kamat	VIM Alumni & SAP Application Consultant, IBM
Mr. Sushrut Kichambare	VIM Alumni & Associate Consultant, Wipro Technologies
Mr. Parag Deshmukh	VIM Alumni & Manager Planning, Serum Institute of India Ltd
Mr. Ajit Sane	President - Himalayan Adventures & Yuvashakti

Each mentor is assigned a group of 10 students. Mentors are asked to conduct minimum 7 to 8 meetings per year with the allotted Mentees. These meetings includes Counseling, Guidance, Motivation, Grooming by the Mentors. It also included making students aware about the current scenario in the market and corporate world and providing information relevant for their career. Mentors and mentees meet at the Institute or outside according to the mentor's convenience at least once in a month. However, they are continuously in touch through email and telephone. Faculty coordinator regularly takes the review of this activity from mentors and mentees to ensure smooth conduction.

The Mentors not only participate in the Mentoring activity but they are also involved in various activities conducted by the Institute round the year. Mentors also help the Institute in providing inputs and leads for Summer Internship as well as Final Placements. They also give references of resource persons for Guest Lectures and recommend our students to the recruiters.
