President's MESSAGE

FORE School of Management is rated amongst the top Business Schools in the country. It has a well reputed faculty, state-of-the-art technological infrastructure, latest computer labs and well stocked Library. The curriculum and the modern methods of teaching including case discussions, role play, seminars, group projects and other initiatives help the students to appreciate the factors influencing managerial decisions. It is our endeavour to match our programmes with the requirements of the industry. A continuous interaction with industry gives our students an edge in developing managerial and entrepreneurial skills.

Admission to programmes at FORE is on the basis of a rigorous and competitive admission process including grades obtained in CAT examination, academic proficiency, experience in industry and interviews. Our batch of 2007-2009 is a blend of different professional streams including engineering, commerce, science & business.

We will be happy if you visit FORE during the Placement Season and interact with the students. I am confident if given an opportunity our students will make a positive contribution to your organisation.

R. C. Sharma
President - FORE

Director's MESSAGE

At the forefront of business education and partnering with industry, FORE has always provided management professionals who possess business acumen, people skills and out-of-box thinking to effectively respond to business challenges. The rigorous, highly innovative yet integrated interdisciplinary programmes, open window for students having the potential to become future leaders of the industry. FORE students gain a comprehensive business management background along with the opportunity to specialise in the field of their interest.

Placement at FORE is process driven, the Institute provides a platform where student strengths can be matched with the requirements of industry. FORE prides itself in having leading industries of multiple sectors visit for Placement. Our placement record is a testimony of our rigorous admission procedure and two years of an innovative and modern business curriculum.

We believe that learning is an active process of intellectual stimulation, where students work with experienced and well qualified faculty on team projects, internships, student-run activities, research projects and consultancy. Our students are known for high standards of character, courage, commitment & compassion and promise to be an asset to the organisation and industry they join.

We are here to welcome you all who are longing for such 'future business leaders'.

Knowledge is POWER

No study is possible on the battlefield; one does there simply what one can in order to apply what one knows. Therefore, in order to do even a little, one has already to know a great deal and know it well."

- Field Marshal Ferdinand Foch

FORE - The Institute

Foundation for Organisational Research and Education (FORE) is committed to the advancement of Management Education, Research, Training and Consultancy. Incorporated in 1981, as a non-profit institution, FORE has been working with industry and academia for developing new domains of managerial thought and education and contributing to building leaders in today's global business environment.

Located in the heart of South Delhi, FORE provides contextual learning that helps in the development of students as thinking professionals, who have the ability to meet the future challenges of tomorrow's corporate leaders. The programmes develop multiple skills including managerial decision-making, problem-solving, analytical reasoning, communications, creativity and innovation.

FORE takes prides in its professional and high-quality faculty, modern infrastructure, technology and resources – be it in the field of General Management, Human Resource, Finance, Operations, Marketing, Information Technology, Economics or International Business.

State-of-the-Art Infrastructure

Much of FORE's strengths is rooted in its legendary infrastructure – be it faculty, supportive staff or facilities. The faculty are from leading national and international institutions and industries who have experience in extensive research, consultancy and myriad management skills. Eminent personalities and senior corporate professionals are invited to share real world managerial practices and market opportunities / challenges with students. The programmes at FORE therefore have a blend of academic excellence and business acumen.

- Tie-up with KPMG for Six Sigma Certification.

Winning tactics at work

*Nine-tenths of tactics are certain and taught in books:
but the irrational tenth is like the kingfisher flashing across
the pond and that is the test of generals. It can only be
ensured by instinct, sharpened by thought practicing the
stroke so often at the crisis it is as natural as a reflex.*

- T.E. Lawrence

Academic Programmes

Beyond the classroom

Student Council Activities

Students at FORE enhance their managerial and leadership skills when they become empowered members of different student committees that organise a series of important, student-initiated events in the institution. This gives them a 'real-life' experience of interacting with corporates and working in teams, planning and controlling budgets, managing events, time-management and overall decision-making.

Corporate Interaction Division (CID)

CID strengthens and manages FORE's interface with the corporate world by organising seminars, conferences and workshops.

Students have weekly experiential learning through Anubhuti – a forum, which invites senior corporate professionals and leaders to share their practical business experiences with students.

FORE Career Division (FCD)

FCD coordinates and manages placement activities at FORE. It aims at identifying placement needs of corporates and matching these with the strengths of students, through a series of planned communications and activities.

FORE Alumni Network (FAN)

The FAN team is a liaison between the Institute and Alumni. It strengthens the bond of the FORE fraternity, through various activities including an interactive web-site for the alumni, an annual meet, a cricket match of alumni with current students, and a number of other rendezvous activities.

FORE Front – Think Tank

A team that enriches learning by conducting various inter and intra college events, debates etc. in each functional area of management.

FORE Sports Division (FSD)

Sports and the sporting spirit are encouraged by this team through sports events both within FORE and with other institutions – be it chess, football or cricket.

FORE Word

An annual publication and a quarterly e-newsletter that disseminates information about FORE to corporates, alumni and students

FORE Nexus – The Cultural Committee

Responsible for organising FORE's annual and highly reputed management festival, "Genesis", at the National Level with other B-Schools. It includes debates, management games, case analysis competitions etc.

Library Committee

FORE has a student library committee which evaluates subscriptions, student suggestions and looks after the continuous value addition and upgradation of the library.

Canteen Committee

The Canteen Committee works towards ensuring nutritious, hygienic and balanced diet at reasonable rates.

In service to the community

FORE believes that students must be good citizens and play a responsible role in society. Some of the activities include:

1. Environment awareness programmes.
2. General Health awareness programmes.
3. Scholarships to meritorious students of economically weaker sections.
4. Assistance in getting education loans from banks and financial institutions.

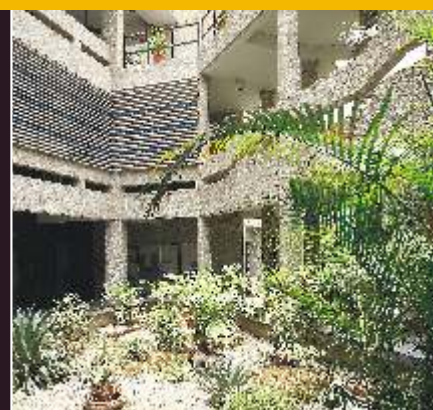

The ways of the winners

*Satisfaction does not come with achievement,
but with effort. Full effort is full victory.*

- Mahatma Gandhi

Placement at FORE

FORE provides a platform for placement where companies are invited to recruit students of various specialisations and work experience. Potential employers are able to undertake on-campus recruitment through a stream-lined process of registration, PPT's and selection. Understanding the significance of using the right aptitude and knowledge skill-sets for the right task, the Placement Team at FORE seeks to provide corporate and students the best opportunities for mutually beneficial selection.

Responsible for identifying the right students suitable for the organisation, the Placement Team selects, targets and invites companies for Final and Summer Placements.

The Effort

Student empowerment is a key feature of life at FORE School of Management. FCD is an integral part of the institute, seeks to identify the best student for the opportunity provided by a prospective employer. The Placement Team identifies potential recruiters, interacts with selected companies and coordinates the visit of such corporate executives to the campus.

FORE offers opportunities for corporate communication to students through Pre-Placement Talks (PPT's). The **Pre-Placement talks** are presentations organized by the companies on campus. They form a good platform for company-student interaction. The students learn about the opportunities for growth, learning and advancement that companies offer.

An effective way of creating awareness about companies among students is to provide information. The information could be in the form of company brochures, pamphlets and other published information. The Placement Office ensures **distribution of published material** among students.

At FORE various events, guest speaker panels, conferences, workshops and academic fairs are organised in which companies participate directly or contribute through partnerships.

Projects are an integral part of the academic curriculum at FORE. Both **Summer** and **Live Projects** with organisations provide students with basic understanding of the company's operations; this ultimately enhances the adaptability of students at large.

Focused activities at FORE include:

- Career counselling by faculty members as well as trained professionals in different functional areas
- Organising structured personality development programmes and interview skill workshops
- Development of effective resumes
- Mentoring by the faculty and the alumni

The Way Forward

The Placement Team headed by Prof. Freda J. Swaminathan coordinates all placement activities and operates as the primary interface between the corporate world and the institute.

The action plan includes placing the senior batch for Final Placements and the junior batch for Summers. The meteoric increase in the opportunities as well as the pay package offered to FOREians is evidence of the rapidly improving quality of the students at FORE and the growth in stature of FORE as an institute. All students, through their representatives in the Placement Team, participate keenly in the process of placements.

Placement Team

Prof. Freda J. Swaminathan (Convenor)

Dr. D.K. Batra (Senior Member)
